

If You Test Positive for COVID-19 (Isolate)

Everyone, regardless of vaccination status.

- Stay home for 5 days.
- If you have no symptoms or your symptoms are resolving after 5 days, you can leave your house.
- Continue to wear a mask around others for 5 additional days.

If you have a fever, continue to stay home until your fever resolves.

If You Were Exposed to Someone with COVID-19 but have no symptoms (Asymptomatic Quarantine)

Vaccine Status:

Have been boosted

OR

Are up to date on vaccines (completed primary series of Pfizer/Moderna within the last 6 months or completed the primary series of J&J within 2 months)

- Wear a mask around others for 10 days.
- Test on day 5, if possible.

If you develop symptoms get a test and stay home.

Vaccine Status:

Are not boosted (completed primary series of Pfizer/Moderna over 6 months ago or completed the primary series of J&J over 2 months ago)

OR

Are not vaccinated

- Stay home for 5 days. After that continue to wear a mask around others for 5 additional days.
- If you can't quarantine you must wear a mask for 10 days.
- Test on day 5 if possible.

If you develop symptoms get a test and stay home.
